Quick Setup Guide

Step 1: Install the Stand

- Remove the stand from the back of the device.
- Align the stand with the mounting holes on the back of the device.
- Push the stand into the mounting holes until it is fully seated.

Step 2: Install the Batteries into the Removable Battery Cover

- Remove the back cover of the device.
- Insert the batteries into the battery cover, ensuring the positive (+) and negative (-) terminals are correctly aligned.
- Close the battery cover.

Step 3: Connect Power and Antenna or Cable

- Connect the power adapter to the power jack.
- Connect the antenna or cable to the appropriate port.
- Turn on the device.

Step 4: Connect External Devices

Connecting an external device (MP3 player, camera, etc.)

- Connect the external device to the appropriate port (USB, Video, etc.).
- Turn on the device.

Step 5: Run Plug & Play

- Press the power key to turn on the device.
- Follow the on-screen instructions to complete the setup.
- Press the power key to turn off the device.

Changing the Screen Size

- Press the power key to turn on the device.
- Press the Home key to open the Home screen.
- Press the Menu key to open the Settings menu.
- Press the Screen Size key to change the screen size.

Connecting a PC

- Connect the PC to the device using a USB cable.
- Turn on the device.

Changing the Picture Mode

- Press the power key to turn on the device.
- Press the Home key to open the Home screen.
- Press the Menu key to open the Settings menu.
- Press the Picture Mode key to change the picture mode.

Setting the Clock

- Press the power key to turn on the device.
- Press the Home key to open the Home screen.
- Press the Menu key to open the Settings menu.
- Press the Clock key to set the clock.
